## Section 1 : Introduction

These guidance notes are written in plain language to assist in the application of the *Public Benefit Entity Simple Format Reporting Standard – Cash (Not-For-Profit)* (PBE SFR-C (NFP)).

In these guidance notes we call the Standard the “*Tier 4 not-for-profit standard*”.

Please note that the Standard is the definitive source of requirements. Throughout these guidance notes there are references back to the Standard.

Cross references are provided in the tables under the PBE-SFR-C (NFP) column.

### Purpose of the templates

The templates are for not-for-profit entities that are eligible for, and elect to apply, the *Tier 4 not-for-profit standard*.

The law sets out which entities are eligible to apply the *Tier 4 not-for-profit standard*. In simple terms, registered charities that do not have “public accountability” (which in this context has a particular technical meaning i.e., the entity does not issue debt or equity securities) and have total operating expenses of less than \$125,000 can elect to apply this Standard. Other not-for-profit entities that meet those criteria can do so voluntarily.

**⚠ The use of the templates and accompanying guidance notes is optional. They have no legal status.**

All entities may build their own Performance Reports and some entities will already have reports that can be modified to meet the requirements of the *Tier 4 not-for-profit standard*.

### Basis of accounting

These Templates use the cash basis of accounting.

Under the cash basis of accounting, transactions and other events are recorded in the Performance Report only when cash is received or paid.

For most entities this will involve taking their cash book and summarising the receipts and payments for the financial year.

### Completion of the templates

The templates conform to the *Tier 4 not-for-profit standard* and completing the templates properly will achieve compliance with this Standard.

### How to use the templates

The templates have been designed to cover most circumstances that are likely to apply to Tier 4 not-for-profit entities. However, the governing body must take care that it provides any additional information necessary to give users sufficient information about the entity’s activities and financial position. If there are other matters that are significant and necessary to include for users which are not specifically provided for in the template, then further details should be given by means of additional notes.

### Non-financial information

Non-financial information is vital to understanding the performance of not-for-profit entities. Reporting by Tier 4 not-for-profit entities is therefore required to comprise an integrated “**Performance Report**” that contains both financial and non-financial information. Effective Performance Reports can help:

- Build an entity’s reputation;
- Make a case for support; and
- Be a vital means of reaching new donors, partners and volunteers.

The Performance Report prepared by not-for-profit entities should address the following questions:

- “Who are we?”: an overview of the entity;
- “Why do we exist?”: why the entity was established and what it seeks to achieve (outcomes);
- “What did we do?”: what the entity did during the year in providing goods or services (outputs);
- “What did it cost?”: how much was paid to provide goods or services, and to run the entity;
- “How was it funded?”: the sources of cash used to pay for its activities in providing goods or services;
- “When did we do it?”: the period covered by the report, and a comparison of information with previous reporting periods;
- “How did we do our accounting?”: the accounting policies applied;
- “What do we need to do to continue?”: the ability of the entity to continue achieving its objectives and operate in the foreseeable future. This question can be answered by looking at the Performance Report as a whole.

In line with the objective to provide an integrated Performance Report the *Tier 4 not-for-profit standard* template has been developed.

This is available as an Excel® spread sheet that can be completed electronically and a PDF® file that can be printed out and filled in by hand.

The template includes the following:

### **Entity Information**

- “Who are we?”
- “Why do we exist?”

### **Statement of Service Performance**

- “What did we do?”
- “When did we do it?”

### **Statement of Receipts and Payments**

- “How was it funded?”
- “What did it cost?”

### **Statement of Resources and Commitments**

- “What the entity owns?”
- “What the entity owes?”

### **Notes to the Performance Report**

- “How did we do our accounting?”
- Additional information that is important to users’ understanding of the Performance Report.

## Section 2 : General

### Reporting entity

An entity's Performance Report should incorporate all the activities of the entity. The Performance Report includes all branches or other operating units, if the entity is structured into more than one unit.

### Reporting period

The Performance Report is for a 12 month period. If the entity's reporting period is other than for 12 months, (for example, where an entity is formed, closes or changes its balance date) include an explanation in the entity's Notes to the Performance Report, and change the column headings to reflect this.

### Reporting currency

An entity is required to present its Performance Report in New Zealand dollars. If the entity has transactions that are not in New Zealand dollars, then it should translate amounts to New Zealand dollars as follows:

- Transactions are translated using the exchange rate on the date of receipt or payment in New Zealand dollars; and
- Monetary Resources and commitments are translated using the exchange rate at the balance date.

Amounts should be rounded to the nearest dollar.

### Comparative information

The *Tier 4 not-for-profit standard* requires comparative information to be reported in respect of the previous period for the following statements and associated notes:

- Statement of Service Performance;
- Statement of Receipts and Payments; and
- Statement of Resources and Commitments.

Comparative information is also required for the related party note.

### No offsetting of amounts reported

All amounts included in the Performance Report are the gross amounts - payments are not netted off against receipts.

### Consistency of presentation

Except when the *Tier 4 not-for-profit standard* permits or requires otherwise, the presentation and classification of items in the Performance Report should not be changed from one period to the next unless there has been a significant change in the entity's operations.

### Cross-referencing

It is important that the Performance Report is internally consistent. The statements that make up the Performance Report include cross-references to the Notes to the Performance Report.

### Plans/budgets

The template has a column for "budget this year" and this is to report the budget (or plan) for the year the actual information relates to. Completion of the budget column is entirely optional.

### First time application of the *Tier 4 not-for-profit standard*

For the first Performance Report prepared by an existing entity the Standard allows two options:

Option 1: do not provide comparative information but attach last year's financial statements and a list of accounting policies used; or

Option 2: Follow the Standard from the start of last year. This means the entity must provide both this year's figures and last year's figures in its Performance Report.

## Section 3 : Entity Information

### “Who are we?” and “why do we exist?”

The purpose of the entity information is to provide background information to help the reader to understand the entity and the environment in which it operates.

The level of detail provided in the report is likely to be dependent on the size and complexity of the entity and be proportionate to the needs of the users of the report.

 The sections that are required to be completed have an asterisk “\*” after them. All other sections are optional.

EI10	Additional Information*	A25(g)	Include here any additional information that is considered essential to the users' overall understanding of the entity.
EI11	Contact details		The entity's contact details can be inserted here if you wish.

## Section 4 : Statement of Service Performance

### “What did we do?” and “When did we do it?”

The purpose of the Statement of Service Performance (SSP) is to report the activities of the entity over the past year. The reporting of goods or services delivered is a key part of the Performance Report and a powerful opportunity for the entity to tell its story, especially as it relates to achieving its mission.

A Statement of Service Performance is also important in fulfilling the accountability obligations to provide goods or services to others when the entity receives grants from funders, or has contracts with the government or other bodies.

Service performance reporting is most effective when the entity has a plan at the beginning of the year which can be reported against at the end of the year.

The Statement of Service Performance is not expected to include a detailed account of everything the entity does. Rather, it should include the significant matters in relation to the performance of the entity to enable users to gain an understanding of why goods or services are delivered by the entity, and provide a basis for assessing the effectiveness and efficiency of the goods or services delivered by the entity.

Service performance reporting is based around two elements:

- (a) Outcomes: what the entity is seeking to achieve in terms of its impact on society; and
- (b) Outputs: the goods or services that the entity delivered during the year.

The Statement of Service Performance in the template is presented in a tabular form with a space for optional information below the table. However, some entities may find that graphical presentation is more user friendly and may wish to use a combination of charts, tables and pictures to highlight their performance for the year.

 The sections that are required to be completed have an asterisk “\*” after them. All other sections are optional.

Row	Section	PBE SFR-C (NFP) Ref	Explanation
SSP1	Describe the outcomes   Reporting of the entity’s outcomes is an optional requirement under the <i>Tier 4 not-for-profit standard</i> . However, the reporting of outcomes in the SSP enables users to gain an understanding of why goods or services are delivered by the entity.	A32(a)	A description of the outcome(s) that the entity is seeking to achieve or influence through the delivery of its goods or services. The outcomes are likely to be closely related to the mission/purpose reported in the entity information section of the Performance Report. The main difference is that the mission/purpose is usually stated in broad or general terms and applies over the life of the entity. By contrast, the description of the outcomes in the Statement of Service Performance should be more specific and focused on what the entity is seeking to achieve over the short to medium term.  For example, looking at some of the mission statements we used as examples in the entity information section: Mission Statement: ➤ “Reducing the incidence and impact of cancer in New Zealand.” Example of possible outcomes: ➤ “Improve the early detection of cancer to reduce incidence and mortality”; ➤ “Improve quality of life for those with cancer”  Mission Statement:

Row	Section	PBE SFR-C (NFP) Ref	Explanation																																
			<p>➤ “Providing health services to the homeless in the greater Wellington area”</p> <p>Example of possible outcomes:</p> <p>➤ To improve the health and wellbeing of homeless focusing on the Upper Hutt region of the greater Wellington area.</p>																																
SSP2	<p>Describe, and quantify to the extent practicable, the entity’s outputs.</p> <p> Outputs = goods or services.</p> <p> The entity may use charts, tables and pictures in its Statement of Service Performance.</p>	A29-A31	<p>Include in here a description of the goods or services (outputs) delivered, together with quantity measures to the extent practicable.</p> <p>Other measures, such as quality and timeliness of delivery, are optional.</p> <p>The template allows the entity the option of providing its budget for this year.</p> <p>Please note that the quantity measure is not necessarily in dollar terms. It is normally the number of services provided or numbers of goods produced.</p> <p>Examples describing and quantifying outputs are shown in the tables below:</p> <p>Example 1:</p> <table border="1"> <thead> <tr> <th>Description:*</th><th>Actual This Year*</th><th>Budget This Year</th><th>Actual Last Year*</th></tr> </thead> <tbody> <tr> <td>Guide Dogs - Puppies bred</td><td>50</td><td>45</td><td>40</td></tr> <tr> <td>New work placements</td><td>1,652 jobs</td><td>3,500 jobs</td><td>3,200 jobs</td></tr> </tbody> </table> <p>An entity may have more than one quantity measure for a particular service that it delivers.</p> <p>If the entity makes grants or donations to the community it could include details of these grants and donations in its Statement of Service Performance. It may wish to provide the sector the grant/donations were made to, and briefly describe the purpose of the grant (see example 2).</p> <p>Example 2:</p> <table border="1"> <thead> <tr> <th>Description:*</th><th>Actual This Year*</th><th>Budget This Year</th><th>Actual Last Year*</th></tr> </thead> <tbody> <tr> <td colspan="4">Sector: emergency / disaster</td></tr> <tr> <td colspan="4">Purpose:</td></tr> <tr> <td>Number of Christchurch residents provided with blankets and food.</td><td>5,000</td><td>5,000</td><td>0</td></tr> <tr> <td>Number of Christchurch children provided with counselling.</td><td>200</td><td>200</td><td>0</td></tr> </tbody> </table>	Description:*	Actual This Year*	Budget This Year	Actual Last Year*	Guide Dogs - Puppies bred	50	45	40	New work placements	1,652 jobs	3,500 jobs	3,200 jobs	Description:*	Actual This Year*	Budget This Year	Actual Last Year*	Sector: emergency / disaster				Purpose:				Number of Christchurch residents provided with blankets and food.	5,000	5,000	0	Number of Christchurch children provided with counselling.	200	200	0

## Section 5 : Statement of Receipts and Payments

The purpose of the Statement of Receipts and Payments is to report all cash received and cash paid out by the entity for all its activities during the financial year.

Cash receipts is all money received during the financial year, including notes and coins, cheques and other funds deposited into the entity's bank account(s).

Cash payments are all payments made during the financial year whether paid in cash, cheque or by bank transfer.

 Remember to include receipts and payments in all the entity's bank accounts – petty cash, and other cash on hand at balance date, cheque accounts, saving accounts, deposits held on call with banks and other financial institutions, bank overdrafts, and term deposits. The entity is not required to record transfers from one bank account to another in its Statement of Receipts and Payments.

### **Cut off point for the financial year:**

The closing bank balance(s) to report in the Performance Report is:

- the balance(s) at the bank on the last day of the financial year; plus
- any cash received before the end of the year but not banked; less
- any cheques written before the end of the financial year but not presented by the bank (unpresented cheques).

The Statement of Receipts and Payments can be prepared either GST inclusive or excluding GST. The entity must disclose which approach has been adopted in the Notes to the Performance Report.

The template has a column for “budget this year” should the entity wish to complete – this is entirely optional.

### **Operating Receipts “How was it funded?”**

The *Tier 4 not-for-profit standard* requires that in order to make information about receipts understandable to users, receipts must be aggregated and separately presented in categories. The Standard sets out some minimum categories that must be separately reported when the category is relevant and significant to the entity. The template has been developed using these minimum categories but allows for these to be disaggregated or additional categories to be added. The template also allows for breakdowns of receipt categories to be provided in the Notes to the Performance Report.

Be consistent with classifications.

The electronic version of the template includes drop down lists with suggested breakdowns of the minimum receipt categories. The user of the template can edit these lists by clicking on the green “Lists” worksheet.

Cells that are highlighted  contain formulas, and will automatically calculate in the electronic version of the template once the detail has been entered into the template.

The sections that are required to be completed have an asterisk “\*” after them. All other sections are optional.

If the total operating payments are greater than \$125,000 for two years in a row the entity will no longer be eligible to report under Tier 4 cash accounting and will have to report in accordance with the <i>Tier 3 not-for-profit Standard</i>.</p>

## Operating surplus or (deficit) and capital receipts and payments

Receipts and payments can vary in their nature. Most receipts and payments will relate to the normal operating activities of the entity (for example, receipts from a fundraising event or wages paid to an employee). However, some receipts and payments might result from transactions of a capital nature (for example, receipts from the sale of a computer or repayments of borrowings). In order to provide useful information to users, the *Tier 4 not-for-profit standard* requires receipts and payments to be categorised either as operating receipts/payments or capital receipts/payments.

Row	Category	PBE SFR-C (NFP) Ref	Explanation
R&P13	Operating surplus /(deficit) * ➤ formula		Total operating receipts (R&P6) less total operating payments (R&P12).
R&P14	Capital Receipts*	A44(e) &(f)	<p>Include in here any receipts from the sale of resources and any receipts from borrowings.</p> <p>The sale of resources includes the sale of physical assets, and the sale of any investments such as shares or bonds. The entity would only include here the sale of those resources with an expected life of greater than twelve months, others are operating receipts.</p>
R&P15	Capital Payments*	A57(e) &(f)	<p>Include here any purchase of resources and any repayment of borrowings.</p> <p>The purchase of resources includes the purchase of physical assets, and the purchase of any investments such as shares or bonds. The entity would only include the purchase of those resources with an expected life of greater than twelve months, others are operating payments.</p> <p>Capital payments do not include payments for operating purposes or resources to be passed on to other entities.</p>

R&P20	Total bank accounts and cash at the end of the financial year* ➤ formula		This is the total of all the entity's bank accounts and cash. This total should agree to R&P18.

## Section 6 : Statement of Resources and Commitments

### “What the entity owns?” and “What the entity owes?”

The purpose of the Statement of Resources and Commitments is to provide a snapshot of the entity’s:

- resources: what the entity owns and what is owing to it; and
- commitments: obligations to others and what the entity owes as at balance date.

The Statement of Resources and Commitments comprises the following schedules:

- schedule of resources;
- schedule of commitments; and
- a schedule of other information.

Note that the *Tier 4 not-for-profit standard* does not require the Statement of Resources and Commitments to include totals or to balance in any way.

The *Tier 4 not-for-profit standard* only requires the entity to record its **significant** resources and its **significant** commitments in the Statement of Resources and Commitments.

The sections that are required to be completed have an asterisk “\*” after them. All other sections are optional.

## Section 7 : Notes to the Performance Report

The purpose of the Notes to the Performance Report is to expand on information included in the other parts of the Performance Report and to provide additional relevant information.

The template has the following notes:

- Note 1: Accounting policies;
- Note 2: Analysis of receipts (optional note);
- Note 3: Analysis of payments (optional note);
- Note 4: Correction of errors;
- Note 5: Related parties;
- Note 6: Events after balance date.

Other notes may be added as the entity sees fit.

**Note 4: Correction of Errors\***

Row	Category	PBE SFR-C (NFP) Ref	Explanation
O1	Correction of Errors*	A108	When an entity corrects a significant prior period error it needs to disclose details of the correction made to the opening cash balance. No adjustment to the past period is required.

**Note 5: Related Parties\***

Related party relationships exist throughout the not-for-profit sector. Disclosure of related party relationships and related party transactions is necessary for accountability purposes, and to enable users to better understand the entity's Performance Report.

Related parties comprise:

- People that have significant influence over the entity (such as officeholders, committee members, or others that are involved in the strategic management of the entity - whether employed or volunteer), and close members of their families; and
- Other entities that have significant influence over the entity.

 People are not related parties if they are only involved in the day-to-day running of the entity and have no involvement in the strategic decision making of the entity.

A related party transaction is a transfer of money or other resource between the reporting entity and a person or other entity that is closely associated to the reporting entity that has the ability to influence the reporting entity. This includes significant normal business transactions as well as transactions below the market price (including the provision of free goods or services).

*The Tier 4 not-for-profit standard* requires that an entity must report the following information about its transactions with a related party:

Row	Category	PBE SFR-C (NFP) Ref	Explanation
O2	Description of the related party relationship*	114(a)	<p>A description of who the related party is.</p> <p>Example 1, Mr Blog is a member of the governing body and also owns ABC Training Ltd.</p> <p>Example 2, Ms Moore is the daughter of the entity's chief operating officer.</p>
O3	<p>Description and the amount of any receipt or payment related to the transactions*</p> <p> Remember to include free goods or services provided by related parties.</p> <p> Remember to include any management fees paid to a related party.</p>	A114(b)	<p>Include here a description of the transaction(s) with the related party and amounts paid, including transfers of resources for no consideration:</p> <p>Example 1, ABC Training Limited was involved with the oversight of a new training programme for the entity. The total value of all transactions for the financial year was \$2,000 (Last Year \$1,500).</p> <p>Example 2, Ms Moore sold her house to the entity at government valuation.</p>
O4	Amount due from or to related party (if any) at balance date*	A114(c)	<p>Quantify amounts due from or to related parties at balance date:</p> <p>Example 1, no amount was outstanding at balance date. (Last Year : Nil)</p> <p>Example 2, \$20,000 is owing to Ms Moore as at balance date. (Last Year : Nil)</p>

**Note 6: Events after the balance date\***

Events after the balance date are those significant events, both favourable and unfavourable, that occur between the balance date and the date when the Performance Report is finalised for approval. For significant events, an entity must report the following:

 The *Tier 4 not-for-profit standard* does not require comparative information for events after the balance date.
