

# **Proposed 2025 Amendments to Climate and Assurance Standards**

## **Survey response 32**

### **Company Name**

Green Cross Health

**Should AP 4, AP 5, AP 7 and AP 8, which relate to the disclosure and assurance of scope 3 GHG emissions, be extended?**

Yes - By four or more years

**Please give a reason for your answer**

Cost of compliance currently not balanced by benefit to users of the disclosures.

**Should AP 2, which relates to anticipated financial impacts, be extended?**

Yes - By four or more years

**Please give a reason for your answer**

Cost of compliance currently not balanced by benefit to users of the disclosures.

**Any other comments**
